

## Technology Innovators Meet (Technovation)

14th March 2023, Kohima

The Sustainable Development Goal Coordination Centre (SDGCC) of the Department of Planning & Coordination, in collaboration with Atal Innovation Incubation (AIC) SELCO Foundation, organized a 'State Level workshop cum Technology Innovation Meet' named *Technovation* on 14th March 2023 at Hotel Vivor Kohima.

The objective of the meet was to provide a platform for innovators from the state to showcase and pitch their technology to the stakeholders and the larger audience. Through this initiative, AIC-SELCO Foundation and SDGCC would like to serve the innovators to develop into successful enterprises and create an ecosystem for the future generation, who have the passion and the understanding to become successful entrepreneurs through innovation.

There were representatives from the Planning & Coordination department, Science & Technology department, Nagaland Tool Room & Training Centre, Incubation Hubs and Innovators from different districts of the state.

### Way Forward:

- Due diligence of the selected technology innovators.
- Onboard technology innovators in the AIC SELCO Incubation Programme.

### Glimpses of the workshop:
